

## **Introduction Video**

Welcome to the Florida Panhandle Shipwreck Trail.

Stand by for an exciting adventure.

Come visit twelve unique shipwrecks off Florida's beautiful Gulf coast.

From Pensacola to Destin, Panama City to Port St. Joe,

You can dive right into these exciting destinations in varying depths of water.

Each of these shipwrecks has an interesting story, and is home to a vast array of marine life.

You can start the trail on any shipwreck, and go from there.

To guide visitors along the trail, an official passport is available from participating dive shops and charter boats.

The passport contains a dive log to record each stop along the trail, and a place to validate the visit with a sticker and signature, making a wonderful souvenir from Florida's newest diving adventure.

Awesome.

That was awesome.

Biggest ray I've ever seen, he was like...

It was wonderful.

The people down here are very friendly.

I'll be back...definitely be back.

And remember, take only pictures, leave only bubbles.
